

South African Sponsor for NERCT 2016

The organizers of NERCT 2016 are proud to announce the signing of South African Technical Textile Cluster (Gelvenor Textiles), a Durban-based company that specializes in textiles for the security industry, as Gold Sponsor this year. This is the South African company's second time at NERCT and we are extremely happy that they chose our event to demonstrate the quality of their products.

Should you also be interested in becoming a partner, sponsor or exhibitor at NERCT 2016, please visit our “Sponsors and Partners” page for more information.
